TAILORED FOR TOMORROW

The FACC Foundation advances cross-cultural understanding and global opportunity by **empowering exceptional French and American individuals** to broaden their perspectives. Through cross-cultural learning, international exchange, and immersive language education, we **foster meaningful dialogue and strengthen the vital connections** between our two nations.

The FACC Foundation Gala serves as our **premier annual fundraising initiative**, bringing our community together to champion these educational goals and celebrate extraordinary leadership. This year, we are proud to gather under the theme Tailored for Tomorrow to honor **Patrice Louvet**, whose remarkable achievements **exemplify the spirit of transatlantic business excellence and global vision**.

The support raised during this evening directly fuels our charitable and educational missions, most notably the prestigious **Serge Bellanger Graduate Business Scholarship**. This merit-based award provides substantial \$15,000 scholarships to **outstanding French and American students pursuing MBA or equivalent advanced business degrees across the Atlantic**.

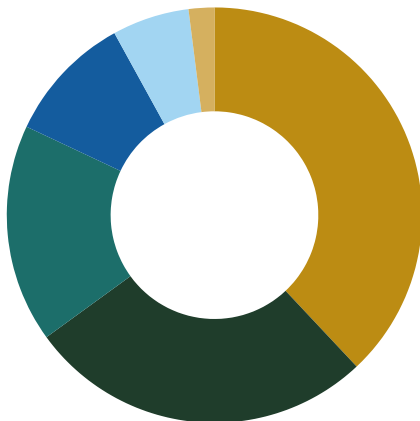

By joining us as a sponsor, you are **directly investing in the next generation of global business pioneers** who will shape our shared future.
